SIR Automotive parts cura con scrupolosa meticolosità ogni aspetto del processo produttivo, dalla scelta delle materie prime ai controlli finali. Un sistema di qualità che ha prima ottenuto la certificazione a norme **UNI EN ISO 9001:2008** Nelle logiche imprenditoriali SIR Automotive parts questi risultati sono visti come nuovi punti di partenza piuttosto che come traguardi. Ecco perché l'azienda ha sviluppato direttamente un **avanzato processo di rintracciabilità** applicato su ogni singolo pezzo, che permette di conoscere sempre la genesi completa della sua realizzazione.

Certificato No. CERT-02960-98-AQ-MIL-SINCERT

Un'importante **garanzia** per la totale tranquillità dei clienti.

SIR Automotive parts employs **scrupulous care** in every single aspect of the production process, from the choice of raw materials to final factory tests: a quality system that obtained **UNI EN ISO 9002** and then **UNI EN ISO 9001:2008** certification. However, in SIR Automotive parts business philosophy, these results are seen as new starting points rather than achievements.
For this reason, the Company has developed **its own traceability process** that is applied to every single item we manufacture to ensure complete batch information, every time.

Certificate No. CERT-02960-98-AQ-MIL-SINCERT

An important **guarantee** for the serenity of our clients.
